The RISE is not responsible for the set-up and pack down of your event, as many bookings have a personal preference for a particular room layout.

## Audio Visual System

To meet environmental health legislation and in relation to noise emission, only the in-built speakers and amplification systems are to be used in The RISE facility. The RISE has an inbuilt state-of-the-art audio visual system in the Function Suite and Community Hall and is designed to maximise sound quality in the rooms, while limiting external noise. Audio visual cords are available for use at reception, and must be signed out and returned to reception at the conclusion of your function.

## Hirer's Possessions

Items requiring next day pick up (subject to room availability), will be charged at an additional hourly rate.
