

Adding the Phoenix Link to an Android Device

Mobile Device Screen Image

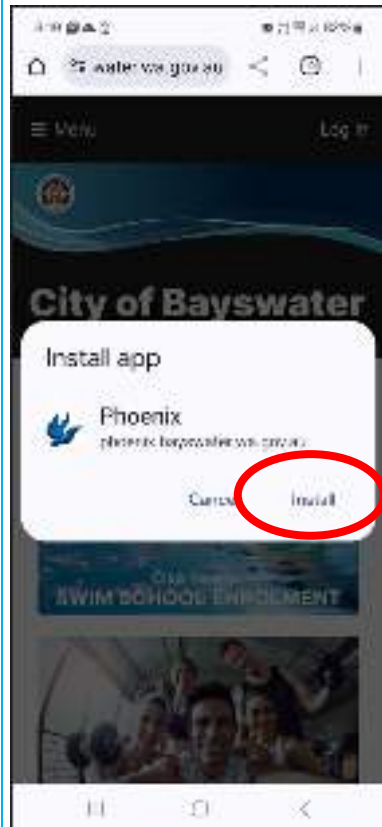

1 Type in the following URL:
<https://phoenix.bayswater.wa.gov.au>

2 Android devices have two options to install the Phoenix App
Option 1 – three dots
On the landing page click on the three dots in the top RHS of the screen.
When prompted - Select Install App

When prompted with the Install app screen – select install

When presented with the Add to Home screen box – select Add.

3 The Phoenix icon should now be displayed on your home screen

4 Click on the Phoenix icon  and check that you are directed to the City of Bayswater online portal. The screen should look like the image shown in the RHS of this table.

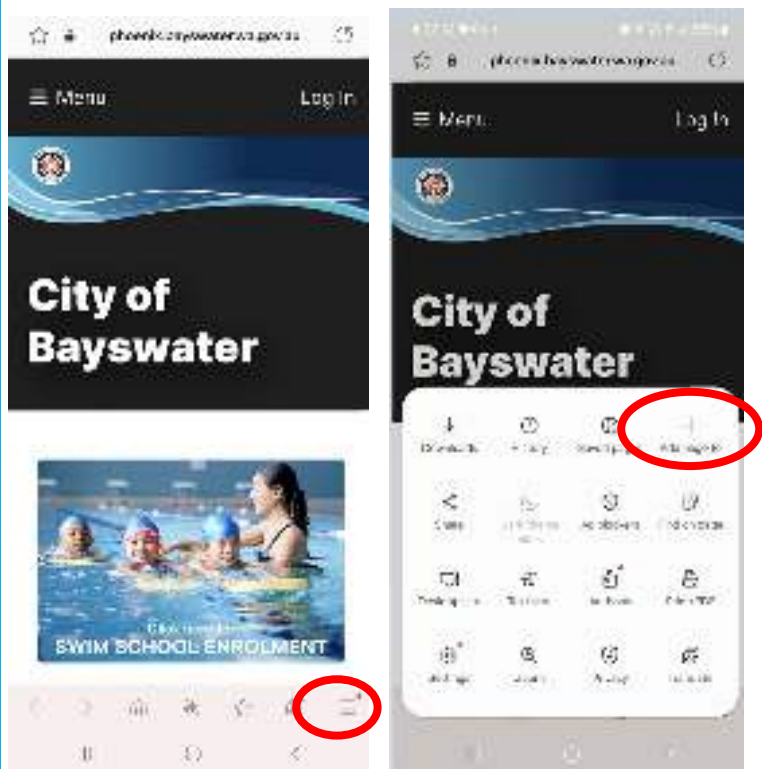

As additional functionality becomes available the existing layout may change however the portal should reflect the following options as a minimum as you scroll down:

- Online Enrolments
- Online Memberships
- Lap Lane Availability

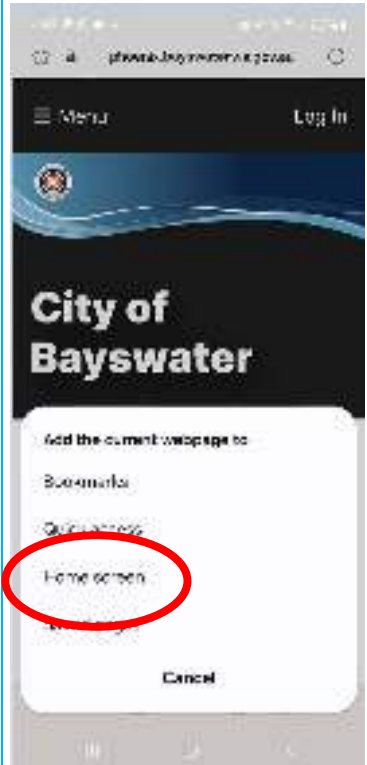

1 **Option 2**
Click on the three vertical lines at the bottom RHS of the screen.

When prompted - Select Add page to

When prompted select Add the current webpage pop up box – select Home Screen

2 The Phoenix icon should now be displayed on your home screen.

3 Regardless of which method you used – Click on the Phoenix icon  and check that you are directed to the City of Bayswater online portal

The screen should look like the image shown to the right

As additional functionality becomes available the existing layout may change however the portal should reflect the following options as a minimum as you scroll down:

- Online Enrolments
- Online Memberships
- Lap Lane Availability
